AROMAS

★ Delicate tropical fruit, crushed rock and spice box elements.

PALATE

★ Summer in a glass with flavors of white peach, ripe strawberry, citrus and green melon.

TEXTURE

★ Bright tangy acidity, clean minerality, lively and delicious.

ABOUT THE LABEL

★ For our Tank Rose label we wanted something that stood out from the “Sea of Sameness” (as we like to call it) that currently dominates the rose category. We chose an old family photograph taken on a trip to Southern California in 1930’s. Working with the only custom wine label printer that specializes in Laserweb technology, we added a small cluster of cutout stars that show the unique color of the wine and takes on different looks from different angles. The stars also begin to reveal themselves, shining brighter as the wine is consumed, giving our vintage label a unique and captivating look that is sure to stand out in the crowd.

ABOUT TANK GARAGE WINERY

★ Tank Garage Winery comes to life in a 1930’s era gas station in the Napa Valley town of Calistoga, California. An area graced with world-class vineyards and cool California made wines. The winery is the dream of two longtime friends, Jim Regusci and James Harder, who after decades of collective experience in farming and creating exceptional wine, decided to celebrate the heart and soul of vintage California culture and creativity. Never Dream Alone.
